

## N. Y. SHIP IS SUPPLYING U-53

Report the Price of Aid to the Raider to Be \$100,000

## DESTROYERS NOW PATROLLING COAST

U-53 Is Reported Sighted Off Nantucket Lightship by a Steamer

Washington, Oct. 14.—The government is informed, according to an official connected with the administration, that a vessel laden with oil has succeeded in leaving the port of New York and is supplying the German submarine U-53, which recently raided merchantmen off the New England coast after its visit to Newport.

The further statement is made that the sum of \$100,000 was paid to the owners of the oil ship to undertake the daring adventure.

The government official who is the source of this announcement—made privately—holds a position which makes any statement from him authoritative. He says the navy is engaged in a search for the base of supply of the U-53, as the navy department does not believe the undersea craft could operate so far from home without a tender. It is because of this belief that outgoing steamers have been turned back and a patrol of torpedo boat destroyers has been established along the coast.

The government has placed enough credence in the story referred to not only to institute wide search, but to take extraordinary precautions against ships departing from New York harbor. If the report be true that the U-53 is hovering outside the three-mile limit and is being supplied with oil, the conclusion follows that more raids are contemplated. Hence the order detaining boats in port.

Should the government confirm its suspicions, it will have a basis of interfering with the exploits of the U-53. If supplied by a vessel which left the port of New York it will be regarded as a breach of neutrality and will furnish ground for federal intervention.

The Washington authorities are disturbed by the report that the Stephano was fired upon without being signalled, and fears are entertained that there may be violations of international law of which the German government can plead ignorance, as it is not in touch with the commander of the U-53, and such violations might continue for a long time, because the U-boat may not reach its home base during the complications.

## U-53 SIGHTED OFF NANTUCKET.

United States Destroyers Patrol Whole Coast.

Newport, R. I., Oct. 14.—The radio station here received a report from an unknown steamer stating that she had sighted the German submarine U-53 well off Nantucket shoals at 7 o'clock yesterday morning.

## TO CONSCRIPT ALL BRITONS.

Man-Power Board Said to Favor Calling All Young Men.

London, Oct. 14.—The Times says that it is probable that the man-power board will recommend that all men under a certain age must be put at the disposal of the military authorities or the ministry of munitions.

## THE MODERN TEST OF EFFICIENCY

Is Fully Met By Hood's Sarsaparilla and Pepton Pills.

Because of what it contains, of the way it is made and of the record it has achieved, Hood's Sarsaparilla is warmly recommended to you for rheumatism, catarrh, scrofula, eczema and other troubles arising from impure blood or low state of the system.

In cases that are radically anemic and nervous—marked by paleness, thin flesh, sleeplessness, nerve-exhaustion, the power of Hood's Sarsaparilla is greatly increased by Pepton Pills, the new pepton, nux and iron tonic. These two medicines make the strongest combination course of treatment for the blood and nerves of which we have any knowledge. Thousands of families are taking these medicines. Let your family take them, too. Get them now.—Adv.

## HOW TO AVOID TROUBLE OVER U-BOAT RAIDS

St. John, N. B., Favors Transfer of Transatlantic Trade to Canadian Ports.

St. John, N. B., Oct. 14.—The use of Canadian ports as the terminals of steamships in transatlantic trade to avoid difficulties arising from submarine raids such as that which occurred off the Massachusetts coast last Sunday, was urged in a resolution adopted by the executive council of the board of trade yesterday. It was ordered sent to the government at Ottawa.

The resolution points out that such deflection of trade routes from United States ports would obviate complications because trade with Canadian ports is protected by the British navy, and any submarine menace could be dealt with directly and more effectively. The support of all boards of trade in Canada is requested to the end that Canadian ports should be used instead of American.

## TO ARREST CHICAGO CHIEF.

State's Attorney Will Ask Warrant Charging Conspiracy.

Chicago, Oct. 14.—Warrants charging Chief of Police Charles S. Hoyle with conspiracy and with malfeasance in office will be applied for by State's Attorney Hoyne, the latter announced yesterday.

"I shall probably ask for the arrest of other persons also," said Mr. Hoyne. The charges are said to have their root in the chief's administration of the law with regard to vice, saloons and gambling.

Authoritative information from the state's attorney's office was to the effect that 1000 documents in the files taken from the office of Chief of Police Hoyle, tend, in the opinion of the state's attorney, to substantiate his allegations of malfeasance in office against the chief. The files now in the hands of the grand jury number 30,000 documents and letters, it was said.

## WAITING FOR ARREDONDO.

Little Progress Expected by Mexican Commission Till After Conference.

Atlantic City, N. J., Oct. 14.—Satisfactory progress was the official characterization yesterday of the negotiations of the Mexican joint commission. The members spent the day in further analysis of the suggested plans of governing the Mexican frontier, but there is reason to believe that at the end of the session they were yet far apart on a few of the details. It is evident the conference hopes for little real advancement until after the Mexican representatives have had an opportunity to confer with Ambassador-designate Arredondo, now on his way here from Mexico City, where he was summoned by General Carranza.

## BERLIN DENIES RU-MOR OF SEPARATE PEACE WITH RUSSIA

Any Such Report Is Pure Invention, Says Cologne Gazette Telegram.

Berlin, by wireless to Tuckerton, L. I., Oct. 14.—A Berlin telegram printed in the Cologne Gazette declares, according to the Overseas News agency, that the rumors spread in neutral countries of a separate peace being sought by Russia and Germany are pure invention.

## GERMANY WILL REPAY HOLLAND IF WRONG

If Sinking of Bloomsdijk Was Contrary to International Law Reparation Will Be Made.

The Hague, Netherlands, via London, Oct. 14.—The German government has informed the Dutch government that should it be proved the Bloomsdijk's sinking was not in accordance with German prize law Germany would grant indemnity for the vessel and cargo without submitting the matter to a German prize court.

## ALLIES AGAIN FAIL TO BREAK GERMAN LINE

Great Attempt of French and British Result in Failure, Says Berlin.

Berlin, via London, Oct. 14.—A great attempt of the French and British forces on the Somme front to break through the German lines Thursday resulted in failure, the war office announces. Six assaults near Sailly were repulsed. The battle northwest of Sailly still continues.

## CASE POSTPONED.

New Haven—B. & M. Arguments Put Off Until Oct. 20.

New York, Oct. 14.—Argument which was to have been held yesterday in the federal court on the motion to extend for two years from Jan. 1 the sale of the New York, New Haven & Hartford holdings of Boston & Maine railroad stock, was postponed until Oct. 20.

The sale is required by a decree of the court in the government dissolution suit against the New Haven, and the motion for postponement was made by the trustees of the stock and the New Haven road.

## AMUSEMENT NOTES

At the Barre Opera House All Next Week.

Commencing next Monday, the J. W. Gorman company will present Ben Loring and his big musical comedy company at the Barre opera house, with a new show each night of the week and a matinee on Saturday. Mr. Loring is without exception one of the cleverest and most versatile musical comedy comedians now touring this section and his big company of eighteen people are all of the highest calibre. The productions will be complete as to scenery, costumes and properties and will be all new, nothing ever seen in Barre being offered. The prize chorus is composed of ten of the snappiest, best dressed and most attractive young ladies procurable and they are not only good to look at, but their singing and dancing is exceptional. Supporting Mr. Loring are Miss Carroll Brown, Miss Kittle Glasco, Miss Edie Warburton, Ted Farnham, Walter Yewell, Harry Collins and the chorus is composed of Misses Viola Smith, Bertha Cummings, Dot Hanley, Grace Lindsey, Theresa Ramsay, Lorette Gray, Corinne Parent, Grace Holcomb, Grace Marshall and Arline Cummings. The opening bill will present the company in "A Trip to Hapsland," a musical farce replete with comedy, song and frolic.—adv.

# MAGNIFICENT SUCCESS THROUGHOUT CANADA

"Fruit-a-tives"—With Its Message Of Health and Happiness—Has Come To The United States To Relieve The Sick And The Suffering.

## THE ONLY MEDICINE MADE FROM FRUIT JUICES

"FRUIT-A-TIVES"—the fruit medicine which has been responsible for so many remarkable cures in all parts of Canada and England—has become a naturalized American. "Fruit-a-tives" crossed the line from Ottawa, the Capital of the Dominion, about 2 years ago and took up residence at Ogdensburg, New York, where offices and fruit tablet works were located.

The success of "Fruit-a-tives" has been one of the wonders of the Canadian medical world. Just to give some idea of the demand for "Fruit-a-tives" in Canada, it may be mentioned that the sales last year amounted to one million, one hundred and fifty two thousand boxes (1,152,000) or, in simpler figures, six tablets for every man, woman and child in the country.

"FRUIT-A-TIVES"—is the only medicine in the world made from fruit juices. By a remarkable discovery of one of the leading physicians of Ottawa, the juices of apples, oranges, figs and prunes are transformed into a new compound, which has all the medicinal and relieving properties of fruit juice and in a more marked degree.

"FRUIT-A-TIVES" has helped to save many people in a very wonderful way; notably in very severe Dyspepsia, which was thought to be Cancer of the Stomach—in chronic Constipation—in Kidney and Bladder Troubles—in terrible Neuralgia and Sick Headaches—in Heart Trouble, caused by Indigestion and Constipation—in Eczema and other Skin Troubles. Photographs and personal letters will be shown in the leading New England papers to prove every claim made for "Fruit-a-tives".

The prices for "Fruit-a-tives" are 50c. a box, 6 for \$2.50, trial size 25c. These tablets are readily being placed on sale in drug stores and stores handling medicines. Should you be unable to obtain them in your neighborhood, you can get them, postpaid, by remitting the retail price to Fruit-a-tives Limited, Ogdensburg, New York.

## WILSON TO SPEAK IN NEW YORK CITY OCT. 31

He Will Be in Buffalo the Day Before—Both Meetings Under Non-Partisan Auspices.

Philadelphia, Oct. 14.—President Wilson yesterday accepted an invitation to speak in Buffalo on Oct. 30 and in New York City on Oct. 31. Both meetings will be arranged under non-partisan auspices. The president will include both meetings on one trip from Shadow Lawn. These two trips and those on Oct. 19 to Chicago and Oct. 28 to Cincinnati, are his only remaining journeys before election day. He will, however, make a number of porch speeches at Shadow Lawn.

## NORWICH UNIVERSITY NOTES.

The following promotions in the Norwich university corps of cadets have been announced: Second Lieutenant R. E. Knapp to be first lieutenant in troop C; Private A. G. Hunt to be second lieutenant in troop A; Private J. E. Gardner to be second lieutenant in troop B.

A banquet was given Tuesday night by the citizens of Northfield to the returning members of Co. F, the members of the N. U. cadets who were in the first squadron, Colonel Reeves, and invited guests. After the supper speeches were heard from Colonel Reeves, Major Tompkins, U. S. A., Congressman Plumley, and others.

The first of this year's series of chapel talks at the university was given Wednesday morning by Rev. J. B. Sargent. Mr. Sargent directed his talk in particular to the seniors and pointed out to them their responsibility in giving a good example to the under-graduates.

Colonel Reeves finished musing the 1st Vermont infantry from the federal service Wednesday morning. Wednesday afternoon he attended an important faculty meeting at the university. The colonel expects to be at the university from now on. Sgt. Maj. Shaw, N. U. '19, who accompanied President Reeves to the border as his secretary has also returned.

General Field Sports.

One of the first severe injuries in New England school football this fall occurred in Thursday's game between Saugus high and Brighton high, when Fitzgerald, the Brighton quarterback, received a broken jaw while trying to block a line plunge from the Saugus backs.

Motor boat racing was a big attraction at Haverhill, Mass., on Columbus day, when about 20,000 people watched two races, one a 12-mile event while the other was over a 22-mile course. The 12 mile race was won by a Lynn boat in 36 minutes and 25 seconds, while it took 54 minutes and 53 seconds to complete the 22-mile race.

Boston college won its game with New Hampshire State on Thursday afternoon at University Heights in a fast and exciting contest.

Boston has not only the record for major league baseball championships with 20 to its credit, but the Boston Americans hold the record for winning the world's championship, having four to their credit, while Connie Mack comes along next with three.

Thursday afternoon the Dartmouth coaches started the regular line up with the exception of Duhamel, who is out of the game with a leg bruise. Thielacher scored the only touch down, working through the secondary defense after intercepting a forward pass.

The last game of the world's series was a record breaker in more ways than one. It beat the best previous record in attendance by 320 and the total receipts for the game were \$620 more than any previous game. The total receipts for the series were \$65,229 more than last year.

President Ebbett is a graceful loser. He showed it by leading the fans' procession with President Lannin after the game.

Douglas L. Crane of Tampa, Fla., was elected captain of the 1916 football team at Exeter Thursday evening to succeed Joseph Weber, who did not return to school. Crane is a veteran of Tad Jones' team last season and plays tackle. He weighs 200 pounds. John G. O'Brien, a substitute on last year's eleven, returned to school Thursday night after spending the summer on the Mexican border. A new comer by the name of Gray is out for practice and will give all players a good run to fill Joe Brickley's shoes at quarterback.

Then the Ice Formed.

Her—No doubt you think I am older than I really am.

Him—Not at all. I'm sure you are not as old as you look.—London Opinion.

## The Finished Dress Up Touch A New Fall Overcoat

Did you ever have a house pointed out to you with this apology: "Doesn't look much on the outside, but it's fixed up fine on the inside." You say to yourself—"bunk."

It's the same way with clothes—when you see a man whose overcoat is old or out of style, you say to yourself "careless dresser;" the man's suit may be new and smart, but that doesn't help—people judge you by what they see on the outside.

How does your light weight overcoat look? Better get it out and see. There isn't any garment more important to a well dressed man than a good looking fall overcoat. Now's the time to get one.

Hart Schaffner & Marx have designed some beauties; they're exceptionally stylish, just the right weight for cool, snappy days—some are rainproofed.

## Moore & Owens

Barre's Leading Clothiers  
Barre, Vt.

## We Want a Business Man

A business man who has selling ability. The man we want may be in the automobile business now; he may be in some other business; he may be a farmer; he may be retired.

Whoever he is or whatever may be his occupation, we want him if he can fulfill the conditions of our proposal.

We are in search of a real, live, wide-awake man, who has had business training, who has some capital, who can sell Maxwell Motor Cars.

We are represented in almost 3000 of the leading cities and towns of the United States, and our dealers are prosperous and happy.

They should be, and will continue to be, for the Maxwell Car is the unquestioned leader of its class.

It is a car for which there is a nation-wide and growing demand—because it represents more real value, dollar for dollar, than any other car in the world.

We have no dealer in this locality. We want one immediately. Our representative will call and explain the details of a very attractive proposition.

Anyone interested should inquire at once.

## TRAILS FOR CHICAGO RACE.

Thirty-three Motor Car Drivers Enter Elimination Test on Slippery Track.

Chicago, Oct. 14.—Over a track made dangerously slippery by rain, thirty-three drivers sped their racing cars around the speedway course at better than 100 miles an hour yesterday in elimination trials for the 250-mile Grand American which is to be decided today. Officials expect fewer than twenty-five drivers will qualify. Resta, De Palma, Aitken and Rickenbacker are regarded as favorites. Prize money aggregating \$15,000 will be awarded.

## LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act natural, is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "Fruit Laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

South, it may not be possible for the banks to continue paying depositors at the rate of 4 per cent annually unless the field for investments by the banks is somewhat enlarged, and it is my opinion that the legislature may well consider the advisability of extending the right to invest in municipal bonds to states which are now excluded and to invest in the best class of Canadian municipal bonds. I think it may be well also to investigate the advisability of allowing the banks to invest in first mortgage bonds of some of the strongest and best industrial and public service corporations in this country, and in the bonds of foreign countries. There is a difference of opinion among bankers as to the wisdom of enlarging the investment law along these lines, and at the present writing I am not sufficiently well informed so that I am willing to advise definitely with relation to all these different classes of investments, but I do advise the legislature to investigate as suggested.

With relation to proper investments by the banks, I can only repeat what I have said in former reports that banks or the private investor in making investments outside the state should select with great care the companies or men through whom the investments are made, examine carefully the territory where the loans are located, and inspect regularly the property securing the loan. In making investments at home the same care should be exercised.

Our state now stands at the head of all the states in the amount of deposits in savings banks per capita of population and over 200,000 inhabitants of the state when we consider that there are 40 national banks in the state, many of which have savings departments, I am impressed with the remarkable position which Vermont occupies in the number and amount of its savings deposits, but it is entirely possible to very largely increase not only the proportion of deposits in the savings banks in the state, but also the amount.

What's a chap going to do? The preacher tells us to be straightforward and the physical culturist tells us not to be flat chested.—Tiger.
